

ROSMANSEARCH, INC.

TARGETED NEUROLOGY RECRUITING

We set out to create a completely new type of recruitment service—a truly expert, high-integrity neurology search service you can trust. Our large, dedicated team of specially-trained [neurology recruiters](#) possess a detailed knowledge of:

- How your neurology subspecialty can impact your compensation, as well as current market information relevant to your particular job search
- How your choice of whether to join an independent practice, a hospital-employed community practice, or an academic practice is likely to impact your ability to develop the type of subspecialized practice you may want
- How the type of practice you join is likely to impact your short-term and long-term compensation
- How to navigate the intricacies of visa sponsorship and can provide [resources about J-1 visa waivers](#)
- Different types of inpatient and outpatient call structures and call pay
- How your location may impact your compensation

We live and breathe [neurology recruitment](#) and we are here to help you.

We promise:

- To advise you honestly
- To help you spend your time wisely during the recruitment process
- To earn your respect through our expertise and professionalism
- To provide you with [resources to assist you](#) with every aspect of your job search from your first interview to accepting an offer

Our Mission:

Our mission is to serve the needs of the neurosciences community by placing quality neurosurgeons and neurologists, as well as PAs and NPs for neurosurgery and neurology programs, with quality practices, academic departments, and hospitals nationwide. While there are other search firms engaged in recruiting, our mission is to be the best, the most expert, and the one that is know for quality service—every time!
